ACCESSORI ORIGINALI

AVENTADOR
Automobili Lamborghini has been building legendary super sports cars at Sant’Agata Bolognese since 1963. Each Lamborghini is built by hand, combining advanced technology with a tireless pursuit of perfection. These values are not only applied to car production, but also and especially to the creation of Accessori Originali.

Each and every accessory features outstanding quality, breakthrough technology, Lamborghini signature design, and the utmost attention to the smallest details.

The goal remains the same: to exceed our customers’ expectations of quality and service. Accessori Originali Automobili Lamborghini allows you to express your personality to the fullest and make your Lamborghini even more unique.

SHAPING EMOTIONS STARTING FROM THE DETAILS.
SPORT

Exclusive design and Motorsport technology for your Lamborghini.
SPORT TIRES
Pirelli has drawn from a century of experience to provide you with the perfect tires for your Aventador. Only tires with the exclusive “L” marking on the shoulder guarantee the exclusive Pirelli-Lamborghini project and partnership. Enhancing motorsport technology from track to road. 

The Lamborghini and Pirelli partnership in the racing world is essential for a technological know-how transfer from motorsport to production lines.

SPORT SEATS
The perfect seats for a truly racing environment, without compromising on style or safety.

CENTER LOCK CONVERSION AND RIMS KIT
Forged from lightweight, hard-wearing aluminum alloy specifically selected by Automobili Lamborghini, the center lock conversion kit and exclusive 7 Razze rims revamp Aventador with an unmistakably sporty and unique look. Available for every Aventador version, the kit is compatible with the standard tires. No further type-approvals required.

EXTINGUISHER KIT
Safety first and foremost, in all driving conditions.
RACING RADIATOR
Improved engine cooling means enhanced performance.
Always, whatever the weather.

TRACK AND PLAY
The exclusive Accessori Originali Track and Play provides you with your very own telemetry tracking and video recording center.
The powerful, lightweight control unit can be easily installed in your car, and you can download the App from the App Store.
Create or choose your track, then measure your all-around performance by analyzing every aspect of your driving prowess.
Acceleration, speed, gear engaged, G-force, steering angle, tire pressure and RPM are just some of the data that Track and Play can read, record and analyze for you.
And thanks to the Data Synchronizing function, you can show the whole world your skill at the wheel of your Lamborghini.

The ultimate telemetric experience:
• Easy to install
• 56 preloaded circuits, plus Track Creator function
• Aventador customized dashboard
• HD video recording and automatic synchronization of telemetry data
• Comparative "Ghost" functionality
• Complete performance analysis
EXTERIOR
A masterpiece made of carbon fiber. The product of 120 hours of high-precision labor.
FIXED AIR INTAKES

This set of fixed air intakes, a key feature in cooling Aventador’s V12, are made of strong yet lightweight visible carbon fiber and can replace the standard intakes. Available with shiny or matte finish.

SV BRANDING LOGO

Developed specifically for the Aventador SV-grilles, the chromed steel logo is resistant to the high temperatures of the rear area of the vehicle and offers a distinguished touch for owners looking for a further detail to personalise their Super Veloce.

CARBON FIBER AERODYNAMIC KIT

The new technological Aerodynamic kit provides your Aventador with an aggressive carbon fiber front splitter and an original carbon fiber rear nolder, providing an assertive, exclusive look with attention to the smallest details. Accurate aerodynamic analysis and testing guarantees high performance in all conditions without neglecting safety and drivability. Available for Aventador S Coupé and Roadster as a basic kit or as a “plus” kit, featuring the full exterior carbon fiber upgrade.
CARBON FIBER FRONT LOUVERS
The front louvers are developed to fit every Aventador version, offering an aggressive look and the added carbon fiber touch to complete the exterior of the vehicle.

CARBON FIBER REARVIEW MIRRORS
Providing Aventador with the strength, lightness and sportiness of carbon fiber, these mirrors are available with shiny or matte finish.

CARBON FIBER ENGINE COMPONENTS
Accessori Originali provides the parts you need to add the finishing touch to your engine compartment: a complete set of engine bay shields, T-Engine cover, and X-Frame support. All made of carbon fiber protected by heat-resistant clear coat for an ultra-sporty, hi-tech visual effect.
SET OF RIMS

Engineered and crafted at the Sant’Agata production facility, Lamborghini rims are forged to perfection from a single piece of aluminum. The result is a lighter, thinner rim that does not sacrifice strength.

CARBON FIBER HARD TOP
An essential element of the Aventador Roadster, the two parts that form the hard top are made of carbon fiber to provide the highest possible component stiffness and extremely low weight. Choose one of the following finishes to complete the look of your Aventador.

CARBON FIBER EXTERIOR KIT
Lamborghini boasts a long tradition of hand-made craftsmanship, but also a long tradition of working with hi-tech materials like carbon fiber. Every accessory offers outstanding quality, cutting-edge technology, and Lamborghini’s signature design, with the utmost attention to even the smallest details.

CARBON FIBER ENGINE BONNET
Lightness, strength, and an unmistakable look are only a few of the hallmarks featured by your carbon fiber engine bonnet.

FORGED COMPOSITE
FORGED COMPOSITE EXTERIOR AND INTERIOR KITS

The exclusive new weave pattern with a revamped and aggressive look assures optimum performance in terms of strength and lightness.
WHEEL CENTER CAPS
With different designs, colors and logos to choose from, these jewel-encrusted center caps, hand-crafted by professional artisans, will make your Aventador unique and provide added glamour to the wheel rims. And for a new perception of luxury, Automobili Lamborghini Accessori Originali proposes a limited edition product combining the technological innovation of carbon fiber and the exclusivity that only real diamonds can provide.

CENTRAL AESTHETIC GRILLE KIT
Pair of heat-resistant rear sport grilles that frame the exhaust and protect the edge from dirt and litter.

VALVE CAPS WITH LOGO
Specially designed by Accessori Originali, this precious set of aluminum valve caps with the bull logo are painted and laser-engraved.

TRANSPARENT ENGINE BONNET
The powerful, naturally aspirated V12 engine in your Aventador undoubtedly performs the most important task of all. As such, it deserves to be prominently displayed with a transparent engine bonnet.
REAR SPOILER CONTROL

Rear wing positioning technology at your command. Now even when the vehicle is at a standstill.

SHOCK ABSORBER KIT

Colored springs to use in conjunction with your standard or comfort shock absorbers.

COLORED BRAKE CALIPER KIT

We work passionately to trim down the weight of our cars, and that’s why we use carbon-ceramic brakes, which not only offer a very long service life but are significantly lighter than traditional brakes. Now you can specify the color of the brake calipers to further customize the exterior of your Aventador.

Colors available:
- RED
- BLACK
- SILVER
- BLUE
- ACID GREEN
- ORANGE
- YELLOW
INTERIOR

The interiors of our cars are made with a unique material: passion.
CARBON FIBER FLOOR MATS

Accessory Originali has thought of every detail for your Lamborghini, so you can even customize the floor mats.

SET OF CUSTOMIZED PLUGS FOR FLOOR MATS

Available with the name of your car or the logo of your choice, they provide an extra touch of style for your floor mats.

FLOOR MATS WITH CUSTOMIZED EDGES

A stylish combination of carbon fiber, leather, and stitching creates a customized product that fully matches the colors and finishes of your Lamborghini.

But if you prefer a classic look, you can choose the standard floor mats with customized leather edge trims.

COLORED SEAT BELTS

Limiting the customization options to just leather, Alcantara®, and carbon fiber simply might not be sufficient for some. Available in a selection of colors, Lamborghini seat belts guarantee the maximum safety plus an extra touch of color to brighten the passenger compartment.

CUP HOLDER KIT

Limitless performance without sacrificing comfort inside your vehicle.

RECHARGEABLE FLASHLIGHT

Powerful flashlight that can be recharged using a 12V power port.
Highly resilient and remarkably light, carbon fiber is considered to be the material of the future by the auto industry. In our two research centers, designers are developing innovative construction and production methods on a daily basis to reduce the weight of the vehicle and as a result improve its performance. Our carbon fiber components include the center console, dashboard, kick plates, handles and more, and they are available in both carbon fiber and forged composite variants.

CARBON FIBER INTERIOR KIT

CARBON FIBER ELECTRIC HEATED SEAT KIT

FORGED COMPOSITE
CARBON FIBER KICK PLATE
Let your Lamborghini convey its DNA whenever you open the door.

CUSTOMIZED CARBON FIBER KICK PLATES
This pair of carbon fiber kick plates will provide an absolutely unique touch and customize your Lamborghini just as you desire. They are available in the enameled version or with waterjet-engraved aluminum inserts.

PHONE HOLDER
The phone holder is designed to increase the useful surfaces inside the Aventador without sacrificing the aesthetics.

CUSTOMIZED STEERING WHEEL
An essential part of your Lamborghini interior, the steering wheel can now be fully customized thanks to the Accessori Originali program.
Innovation is never a coincidence, it's the product of intense commitment.
HOMELINK

Lamborghini Homelink has three easily programmed buttons you can use to open and close three different garage doors or gates in different places. Convenient, safe and handy.

DAB KIT

The highest audio signal quality for your Lamborghini. Our Digital Audio Broadcasting system guarantees excellent signal quality without the interference typical of analog systems.
USABILITY

Lamborghini drivers have gasoline running through their veins. And a lot of passion in their hearts.
LUGGAGE SET
Designed in collaboration with Piquadro, this luggage set is tailored to fit perfectly into your Aventador and features an exceptionally high level of attention to detail and finishes.

HARD TOP BAGS
Pair of elegant, stylish bags for storing the hard top of your Aventador Roadster when not in use.

DOCUMENT HOLDER
Sturdy case designed to hold all the driving papers of your Lamborghini. Can be kept safely tucked away in the glove compartment.
CONVENIENCE NETS

Limitless performance without sacrificing comfort inside your vehicle.

TIRES

In addition to standard tires and sport tires, Pirelli has drawn from a century of experience to provide you with the perfect winter tires for your Lamborghini. Even in cold weather and on wet roads, these special tires will ensure that you get the most out of your car’s performance without forgoing safety.

THE IMPORTANCE OF “L” MARKED TIRES.

Pirelli OE tires are the only tires approved and homologated by Lamborghini. They can be easily recognized by the unique “L” marking on the sidewall. “L” marked tires are the result of more than 18 months of close technological collaboration and testing between Lamborghini and Pirelli. Pirelli “L” marked tires, with a Lamborghini dedicated profile and tread design, provide:

• the correct dimensional tolerance between front and rear tires and therefore the proper functioning of the Lamborghini 4-wheel drive transmission (front and rear differentials);
• the car’s best performance, excellent drivability and maximum safety both on road and track through the development of the Lamborghini active vehicle dynamics systems on Pirelli tires.

The “L” marked Pirelli tires are the only tires designed with the purpose of enhancing your car’s performance while assuring a unique driving experience, both on road and track.

LIFTING SYSTEM

Just press a button and your Aventador will activate the Lifting System, which raises the front axle of the vehicle to allow it to pass over obstacles more easily.

LAMBORGHINI / 49
CARE & SAFETY

A car that’s built with so much care deserves to be protected. These tailor-made items fit the bill.
ANTI-STONE CHIPPING
PROTECTIVE FILM
Automobili Lamborghini designed this set of invisible films, applied directly at the factory and available for every model, specification, finish and version, to make sure your Aventador is protected from day one.

ECO-FRIENDLY CAR CARE KIT
This set combines the practicality of having the right products with special attention to the environment and includes the following products: Exterior Wash & Wax, Matte surface wash, Leather & Alcantara® detailer, Tire glaze formula. Convenient packaging, gloves, and soft towels complete the kit.

BATTERY MAINTAINER
A properly charged battery is important for a special occasions car. This device keeps your vehicle’s battery charged and ready to go.
INDOOR CAR COVER

The indoor cover made of interlock fabric hugs your car to perfection. Dustproof and non-scratch, the cover sports the Lamborghini emblem and is perfect for protecting your vehicle when stored for any length of time.

CARBON LOOK CAR COVER

For customers who want the ultimate in terms of protection, Accessori Originali offers an exclusive cover made of Carbon Look fabric that stretches, “breathes”, repels water and oil, blocks UV rays, and is fire-resistant. All this plus a surface finish with a sporty, elegant look.

SEAT COVER AND STEERING WHEEL COVER

The seats and steering wheel of your Aventador have been crafted by expert artisans over many hours of painstaking work, which is why these parts of your Aventador must be protected even indoors. The steering wheel cover and seat cover are made of hard-wearing stretch fabrics bearing the Lamborghini emblem and are the perfect solution for those who want to care for their vehicle even when not in use.
SATELLITE ANTI-THEFT SYSTEM
This secure and reliable tracking system ensures that the engine ignition system is blocked remotely in the event of a theft attempt. It is currently the world’s most advanced anti-theft system.

HARD TOP BRIDGE PROTECTIVE TRANSPARENT FILM
Film for protecting the surfaces of the Hard Top bridge from marks caused by repeated assembly and removal of your Hard Top. An essential protection for your Aventador Roadster.

DIGITAL PRESSURE GAUGE
Easy to use and programmable, this pressure gauge has a black anodized aluminum body. Use it to check the pressure of your tires and ensure top performance in all conditions.

EMERGENCY AND FIRST AID KIT
Specially designed and easily transported, this kit contains everything you need to cope with an emergency.
Use only original Lamborghini replacement parts on your vehicle. Lamborghini declines any responsibility for damage caused by the use of other parts or accessories. Please note that not all replacement parts and accessories are permitted or available in every country. Post-installation of some articles depends on the standard equipment on your vehicle and its year of manufacture.

For further information please contact your Lamborghini dealer.
