THE IMPORTANCE OF “L” MARKED TIRES
Pirelli OE tires are the only tires approved and homologated by Lamborghini. They can be easily recognized by the unique “L” marking on the sidewall.

“L” marked tires are the result of more than 18 months of close technological collaboration and testing between Lamborghini and Pirelli. Pirelli “L” marked tires, with a Lamborghini dedicated profile and tread design, provide:

• the correct dimensional tolerance between front and rear tires and therefore the proper functioning of the Lamborghini 4-wheel drive transmission (front and rear differentials);
• the car’s best performance, excellent drivability and maximum safety both on road and track through the development of the Lamborghini active vehicle dynamics systems on Pirelli tires.

The “L” marked Pirelli tires are the only tires designed with the purpose of enhancing your car’s performance while ensuring a unique driving experience, both on road and track.
